## Search the Catalogue

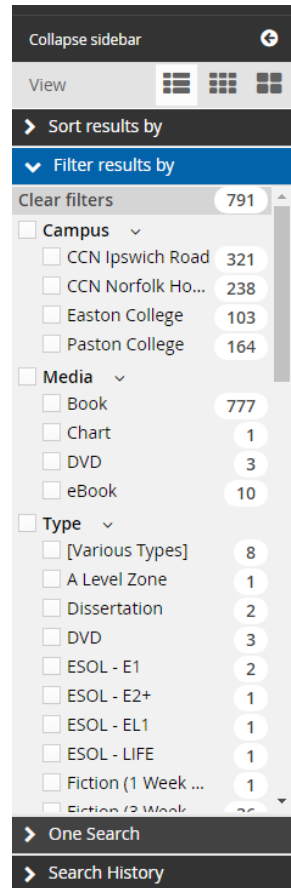

You may also wish to browse other books in our collection. You can type keywords, book titles, author names or ISBNs into the search bar:

Once you've typed in your search term, you can either click the 'search' icon, or select a particular field to search within e.g. keywords.

Once you have pressed the search button, you can use the filter options in the side bar to narrow down the results by campus, media format, genre and more.

Please note that eBooks are not available on our Catalogue, as they are provided via *eBook Central* and *VLeBooks*, both of which require a City College Norwich validated log in.

On the catalogue home page, you can also view a useful video guide that shows you how to use the catalogue in more detail.
