1. Scope of Statement

This Statement sets out the course fees charged by the College. The Statement is subject to rule changes introduced by government and funding agencies which may occur in the course of an academic year.

This statement has been drafted based on the rules set out by the Education and Skills Funding Agency (ESFA) for academic year 2019/20. These rules may be subject to change before the commencement of that academic year and therefore should not be viewed as binding.

The Statement covers fees for publicly funded training and learning as well as provision run by the College that does not attract public funding.

The Statement does not cover Higher Education which is covered within the Higher Education Fees and Eligibility Statement.

It does not apply to European Social Fund (ESF) Projects and other publicly funded projects where the criteria are set in the individual bids.

1.1. Statement Rules

This Statement will be updated on an annual basis and will be re-issued before May 1st each year, unless government guidance is unavailable.

- The level of public subsidy that the student attracts

Fees are broken down into three categories:

- Fully-Funded – No fee will be charged
- Co-Funded - A fee will be charged to cover part of the course
- Non-funded – A full cost (commercial course fee) will be charged to cover all costs associated with the course

- The requirements set out in the ESFA's eligibility for funding criteria are met.
- Meet the conditions of funding and eligibility set out by the relevant funding agency for the chosen programme/course of study.

Eligibility to funding does not give a student the right to funding, just the ability to be funded. This would depend on their circumstances, such as previous achievement, economic status, age, residency, course, course level.
